Iphigenia Mythic Retreat is a small retreat hidden in its own quiet, secluded, tree-lined, 4 acres oasis, the perfect place for rest, detox, and regeneration. 12 spacious apartments, dressed in colors and materials of nature, all with pool and garden views, are the ideal get away from your daily routine. As a rhetoric confirmation of the word “retreat” we have chosen to work with people who provide an alternative way to get acquainted with the beauties of the island of Crete and the special aura that its’ nature exudes. Breakfast, lunch and dinner, snacks, coffees and drinks, around the pool or at any corner of our garden is yet another element of the Iphigenia Mythic Retreat, that, combined with a short walk from Hersonissos’ vibrant tourist life with its endless choices of beaches, entertainment and shops, make it the perfect choice for holidays on Crete.

Iphigenia’s small team are looking forward to welcoming you or/and your guests and are happy to be the ones sharing holiday memories with all of you. Our goal is to make everyone feel comfortable, relaxed, and happy and share the experience of a friendly environment, good food and great company.
