

“Baron Safe Haven” Concept

In the light of the global COVID-19 pandemic, we have fully embraced the latest progressive technology, procedures and techniques to introduce a brand new concept, tailored to engulf our esteemed guests in an exceptional holiday experience within “**Baron Safe Haven**”, marked by uncompromising health & safety principles.

I’d like to seize the opportunity and give a comprehensive insight into our new “**Baron Safe Haven**” concept that serves as a trademark of quality and safety insurance.

A safe contact experience

To ensure that the guests’ stay with us is as safe-contact as possible, we are offering a wide range of services:

- Safe contact in-room dining and restaurant menu via TV and Baron what’s app
- Safe contact services via Baron what’s app in making a restaurant reservation
- Safe contact services for any request via Baron what’s app
- Restaurants offer one-way wooden cutleries, cups and glass options
- Room service is delivered with no human interaction
- Guests can request flexible cleaning timing
- Turndown service upon request
- In-room pick-up or delivery services with no human interaction
- Beach and pool towels are available in the guest room

Revolutionized cleaning & disinfection practices

Baron Hotels & Resorts Egypt already strict cleaning and disinfection program has been significantly augmented, with the frequency of cleaning of all hotel areas increased and enhance cleaning, disinfection and sanitization processes across all areas of the hotel, ensuring local, regional and international cleaning and health & safety standards are met.

Rooms undergo deep cleaning as well as a full disinfection process that includes the use of intense aerosol methods, focusing not only on high touch points, but ensuring an entirely safe space is delivered. All bedding feather items, mattress protectors, bed and bath linen are removed and disinfected after each stay and undergo chemical and thermal disinfection. Immediately following the completion of all protocols, rooms are sealed, assuring guests that they are the first to enter their “**Baron Safe Haven**”.

What other hygiene & safety measures are implemented

Associates:

- All Baron associates are wearing Personal Protective Equipment (PPE) and practicing strict hygiene protocols
- Daily temperature checks are conducted before associates enter the hotel premises

“Baron Safe Haven” Concept

In public areas:

- Traffic control on most frequent places for social distancing by using barriers/floor marks
- Self-parking instead of valet parking
- Luggage disinfection upon arrival
- Temperature checks (if applicable)
- Hand sanitizers dispensers in all public areas and elevators
- Increased cleaning frequency in public areas

In rooms:

- Removal of all unnecessary amenities with lesser decorative items
- All remaining amenities are replaced individually for each guest following strict disinfection and sanitization
- Minibar contents and glasses removed – guests to order when required
- Personal sanitation kit (masks, gloves and sanitizer)

In restaurants:

- New table set-up – cozy dining spaces but more distanced from other diners
- A la carte menus only accessed through Baron what’s app
- In-room dining service options with safe packaging
- Buffet service when applicable with manned service stations
- Condiments service at the bar arrangements have been done to avoid cross-contamination risk by service single portions

In hotel gym:

- Increased disinfection and cleaning of equipment
- Machines moved to adhere to social distancing

At hotel pools/beach:

- Increased disinfection of sun chairs and tables
- Stringent towel cleaning and handling methods

Water safety and legionella prevention:

- Water system has been fully flushed and checked to the correct level of disinfection
- Water has been tested for chemical characteristics in the laboratory

We have implemented the aforementioned measures to safeguard health and well-being of our esteemed guests and to ensure their utmost comfort and safety throughout all stages during their stay.

Please rest assured that we are closely monitoring the course of COVID-19 pandemic, both locally and globally, and adapting our practices according to the safety guidelines and protocol dynamics.
